

# ‘ Leap For Love ’

June 2010

**Skydiving** is not for the faint hearted, then again, Kerri Bicknell is no ordinary young lady...

Kerri has always been passionate about the welfare of animals and in October decided to make a difference by signing up with Skyline to do her first Tandem Sky Dive for the RSPCA Bedfordshire North Branch, raising an amazing **£970** in the process!

Kerri said “I chose to do the jump in June to coincide with better weather”. However, as the months passed the jump took on greater significance following the loss of her dear cat, Jasper. “My world literally fell apart and I didn’t know what I was going to do without my best friend”

With her RSPCA T-Shirt and ‘In Memory of Jasper’ emblazoned on the back of it, Kerri stepped out of the plane on the 5th June 2010.

“I was in the air for about six minutes. The sights were amazing and

*Kerri at Sibson Airfield*

it was so peaceful“ said Kerri.
