

# 'Royal Wedding, Bedford & the RSPCA!'

14th April 2011

It may not be the image of the Royal Wedding you had in your mind, but through the eyes of local artist Yvette Harding (a member of staff at Acorn House Veterinary Clinic, Linnet Way, Brickhill, Bedford) the marriage between Prince William and Kate Middleton is forever immortalised in wool!

Yvettes' skills with the knitting needle are legendary in Bedfordshire and it seemed only natural to create such a masterpiece when her Practice Manager, Gaynor Dudly showed her an article in the National newspaper.

Over a period of six weeks, without the need for any patterns, working 3

hours per day and just using offcuts of wool she had lying around, this unique and astonishing depiction of the Royal Wedding came to life.

Such an amazing and time consuming piece of work such as this would cost a fortune to buy and it was suggested that the item may best be sold via auction. However, we feel that it is fairer to offer you a chance to own **this piece of work by simply buying a raffle ticket** - each cost £1 and you can buy as many as you like either by visiting the Practice direct or using the RSPCA online donation link below. Please ensure your contact details are clearly indicated on the entry/donation.
